Dear Mr. Greer:

I just received your letter confirming the dates of April 20th, and 21st in Jacksonville.

You must have misunderstood my letter where I spoke about Xester Sunday. I asked you if you had nothing else to do, how about coming to Daytona Beach to play. I dont imagine it would be much, but I thought it would be better than nothing.

The man in Daytona Beach is waiting to hear from me if we will play there that day, and I would like to let him know something definite. If you have another game that day, do you know any other team I might be able to get.

I will appreciate hearing from you right away on this.

Very Truly Yours
